Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Brand New Book ***** Print on Demand *****.Excerpt from Second Book of Reading Lessons: With Illustrations From Giacomelli and Other Eminent Artists The Second Book will be found to afford, in its opening Lessons, an easy transition from the last pages of the Primer to short continuous narratives. Exercises in the reading of written words and in the writing of printed words are still provided for. The readings have been chosen with the desire and expectation of making this little book not alone the child s constant companion, but a dearly-loved friend -brimful of charming pictures, overflowing with delightful rhymes and stories. To the English-speaking race the Baltic is the great fountain of folk-lore. Happily we can there find exquisite imagination combined with pure morals and with robust manhood. The winter scenes and amusements there are the originals of our own. When our children take to winter sports, they but live over again the youth of the gray north Fatherland.
